THE CODE FOR SUSTAINABLE HOMES

Case studies

Can we do it?

“ Although the Government has set ambitious targets for changes to building regulatory standards, which are intended to achieve zero carbon new housing by 2016, there is considerable concern that the policy will be undermined because regulatory standards will not be achieved on the ground.”

Malcolm Bell,
Professor of Surveying and Sustainable Housing
at Leeds Metropolitan

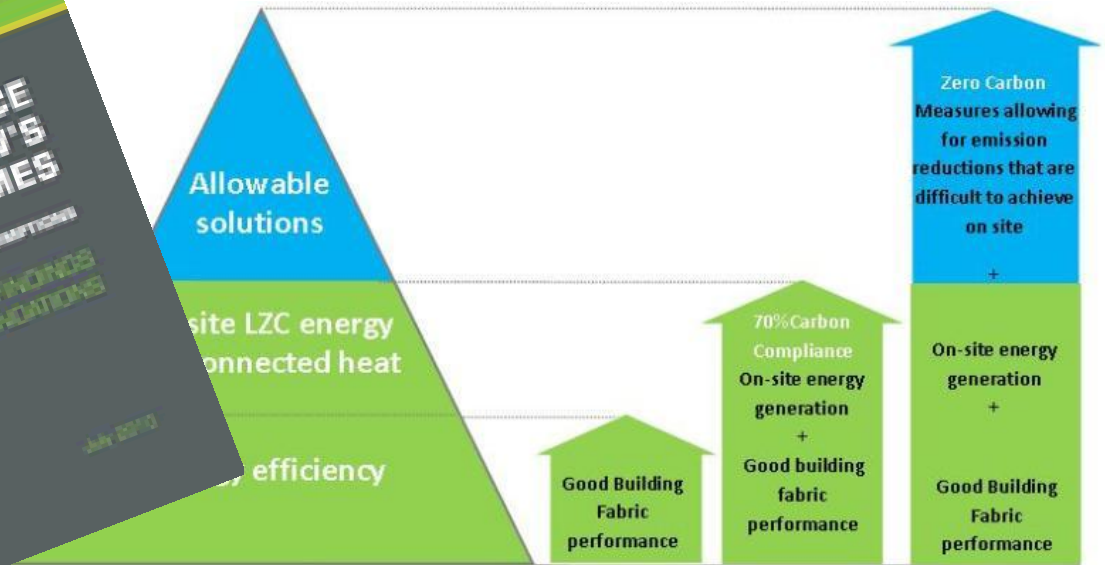

Terms of Reference

- Lead responsibility on key sustainability issues.
- Review legislation and regulation
- Provide input to consultations on sustainability issues.
- Develop solutions
- Model the cost impact of sustainability

Terms of Reference

- Help manage relationship with the Government Departments, public bodies and other organisations home builders.
- Access additional expertise
- Provide a mandate for HBF executive staff and members on behalf of HBF
- Review matters raised by its members

The Zero Carbon Hierarchy

Members
