

Category 2)

BEST REGENERATION INITIATIVE

Entrants must demonstrate excellence in a residential-based regeneration scheme which has improved the environment and living conditions in a specific area.

The category is open to any residential-based development scheme which is deemed to have improved the environment and living conditions in a specific area. Often, but not exclusively, entries will include partnerships with regeneration agencies and the public sector. The judges will look for evidence of improvement of an area by the regeneration scheme – before and after comparisons will be welcomed.

Entries will be judged on some or all of the following:

- Imagination and creativity in the delivery and components of the regeneration scheme
- Meeting a specific regeneration need
- Imagination and excellence in design
- Involvement of the local community in planning, delivery and final use
- Evidence of delivery and success of some or all of the final scheme
- Imagination in terms of approach to the scheme/delivery
- Evidence of third party satisfaction – local authority, agency, community

THIRD PARTY TESTIMONIALS ARE WELCOMED AND ENCOURAGED IN ALL CATEGORIES
