

HBF Technical Conference 2026

HOLLIS

**All together
different**

Gateway 2

**Regulatory
Reset**

**Performance
Improvement**

**Inhouse
Capability**

**Structured
routes to
assessment**

Gateway 3

**Data still
immature**

**319
applications
received**

**72% approval
rating**

16 week median

Differentiators

Gateway 2 asks whether we have designed a compliant building

Gateway 3 looks for evidence that the building we delivered matches it

HOLLIS

5 Qs

All together
different

What is causing Gateway 2 applications to stall or come back with questions?

How complete does the design
really need to be at Gateway 2?

What happens when the design changes after Gateway 2?

What evidence should we
collect during construction for
Gateway 3?

4

THANK
YOU
