Project Workshop Session

Interactive group task

Stage 1

- This session will last 60 minutes
- Get into groups of 5 or 6
- Decide on a group name
- Agree a team leader, discuss the topic and agree your response
- Decide how you will present your response in 4 minutes – everyone needs to speak
- Practice

2024 Workshop Question

How can home building contribute to the sustainability of our planet?

You may want to consider:

- Changing lifestyles
- Location, house style, layout
- The environment
- Materials
- Incentives
- Energy efficiency
- Development of skills for the future
- How we can influence the Government agenda

Stage 2

- Between 4:30 and 5:30pm this afternoon each group will deliver their presentation to a group of 3 judges
- You will be scored as a group on
 - presentation skills
 - innovative content
 - group effort
- 4 finalist groups will be selected to deliver their presentation to the whole conference on Day 2 at 9:40am
- The room will decide on the winning presentation
